

**HELPFUL HINTS TO ATTACK SATANISM SPIRITS**  
**(Free from Occult Information)**

**In the Name of the Lord Jesus Christ, a true believer can break off and cancel the following:**

**- any dedications, vows, oaths, promises, etc. to satan done by self, ancestors, or anyone;**

**- any bloodpacts, and ungodly rites, rituals, etc... done by self or others;**

**- all evil soulties or familiar spirit ties with any satanists, shamans, witches, false or ungodly religious leaders, gang leaders, rock stars, etc., or their familiar spirits or ruler demons, etc.;**

**- any ungodly spiritual adoptions, blood covenants as family, gang rituals as family, etc to any satanists, shamans, witches, false or ungodly religious leaders, gang leaders, rock stars, etc., their followers etc.;**

**- any burials or other satanic rites or rituals ( blood or urine drinking, murder or sacrifices etc.) done in the physical or spiritual realm for or by anyone;**

**- hypnotic suggestions, channellings, programs, implants, triggers, sleepers, or time bombs, etc... put within the person;**

**- remove all familiar spirits, and parts of the soul or spirit of any satanist, shaman, false or ungodly religious leader, etc... that was put into the person;**

**- any bondage - casket, coffin, curse, knots, ropes, etc... or evil device on the believer's soul or part of the soul: Mind - thoughts, thinking, memory, intellect, understanding, knowledge, reason, decisions, (etc.) and their processes; Will - decisions, wants, desires, pleasures, (etc.); Emotions - feelings, moods, heart, (etc.); Appetite; Personality; (etc.) to affect or arrest it in any ungodly way.**

**- smash any chalice (goblet) used to feed the cannibal demons, remove any false blood used and force the cannibal demons to drink the Blood of the Lord Jesus;**

**- bind cannibalism and bloodletting demons, ritual abuse, human sacrifice spirits, bride of satan, etc... as the Holy Spirit guides.**

**Satanism lurks behind Roman Catholicism, New Age, occult, rock music, native religions, druidism, false & ungodly religions, satanism, witchcraft, masonry, etc....**

**Demons could work more freely in a person if the mind is in the wrong level of consciousness or in an altered state of consciousness. Some examples of this is sleep walking etc, false personalities, and a time of lack of memory during a length of time when impostor spirits are up manifesting or switching, etc....**

**Beware of attempts to reinforce the demons through past acquaintances, full moon or new moon celebrations, other satanic or false or ungodly religious meetings, false brethren, sins of self or sins of the fathers, ungodly music, renewed curses, dedications to evil, and evil devices previously broken off, etc.**

**Remember, Satan does not give up ground without a fight!, but GOD is greater and stronger, and promises His children that He WILL fight for them and overcome the enemy no matter how strong he is or appears to be!!**

**Believers must continually attack satan's kingdom within and without in the Name of the Lord Jesus Christ using Godly spiritual warfare ( like Warfare Prayers by Win Worley) and cancel the UNGODLY spiritual warfare sent against them returning it to the original demon senders in Jesus' Name. (This is offensive and defensive Godly spiritual warfare!)**
