

List of Digestive System Spirits for MD

Diseases of mouth, Abscessed Tooth, Canker Sores, Cavities, Cleft Palate and Lip, Dental Braces, Dental Injuries, Dry Socket, Gum Disease, Gum Problems, Leukoplakia, Pericoronitis, Teeth Grinding, Bruxism, Teething problems, Toothache, Wisdom Teeth problems, Disorders of tooth forming and eruption, Anodontia, Hypodontia, Hyperdontia, Oligodontia, Supernumerary teeth, Abnormalities of size and form of teeth, Concrecence, Tooth fusion, Dens evaginatus, Dens invaginatus, Enamel pearls, Macrodonia, Microdonia, Taurodonism, Mottled teeth, Dental fluorosis, Mottling of enamel, Nonfluoride enamel opacities, Disturbances of tooth formation, Dilaceration of tooth, Enamel hypoplasia, Regional odontodysplasia, Turner's tooth, Hereditary disturbances in tooth structure, Amelogenesis imperfecta, Dentinogenesis imperfecta, Odontogenesis imperfecta, Dentinal dysplasia, Shell teeth, Disturbances in tooth eruption, Teething syndrome, disorders of tooth development, Embedded teeth, impacted teeth, Diseases of hard tissues of teeth, Tooth abscess, Tooth cavities, Tooth decay, tooth root abscess, tooth root infection, tooth nerve death, black tooth, chipped teeth, Dental caries, enamel caries, dentine caries, cementum caries, Arrested dental caries, Broken tooth, sports injury to teeth, Excessive attrition, Abrasion or Erosion of teeth, Pathological tooth resorption, Hypercementosis, Ankylosis of teeth, Deposits on teeth, accretions on teeth, tooth discolouration, tooth staining, intrinsic posteruptive color changes, diseases of hard tissues of teeth, Cracked filling, Cracked tooth, crooked teeth, over bite, under bite, soft teeth, Braces, ridicule from braces,

Diseases of pulp and periapical tissues, Pulpitis, Necrosis of pulp, Pulp degeneration, hard tissue formation in pulp, Acute apical periodontitis of pulpal origin, Chronic apical periodontitis, Periapical abscess with sinus, Periapical abscess without sinus, Radicular cyst, Gingival diseases, heart problems, periodontal diseases, Gingivitis, Acute gingivitis, Chronic gingivitis, Acute periodontitis, Chronic periodontitis, Periodontosis, edentulous alveolar ridge, Gingival recession, Gingival enlargement, Fibrous

epulis, Flabby ridge, Giant cell epulis, Peripheral giant cell granuloma, Pyogenic granuloma of gingiva, Gum abscess, Gum infection, receding gumline exposing root, Dentofacial anomalies, Dentofacial malocclusion,

Major anomalies of jaw size, maxillary hypoplasia, Anomalies of relationship of jaw to cranial base, Anomalies of dental arch relationship, Anomalies of tooth position of fully erupted teeth, Malocclusion, Dentofacial functional abnormalities, Temporomandibular joint disorders, Dental alveolar anomalies, lock jaw, tetanus, crooked bite, overbite, buck teeth, grinding teeth, chewing crooked, diseases and conditions of the teeth and supporting structures, & jaw, Developmental odontogenic cysts, Fissural cysts of jaw, Central giant cell, reparative granuloma, Inflammatory conditions of jaw, Alveolitis of jaw, jaw hinge problems, headaches, migraines, clenching jaws too tightly, Bell's palsy, paralysis of facial muscles, Periradicular pathology associated with previous endodontic treatment, Exostosis of jaw,

Diseases of the salivary glands, Hypertrophy of salivary gland, Sialoadenitis, Atrophy of salivary gland, Abscess, Fistula of salivary gland, Mucocele of salivary gland, Sialolithiasis, Disturbance of salivary secretion,

Diseases of the oral soft tissues, lesions specific for gingiva and tongue, Stomatitis, Cancrum oris, Oral aphthae, Cellulitis of oral soft tissues, Cysts of oral soft tissues, abscess of oral soft tissues, Diseases of lips, cold sore, herpes virus, Leukoplakia of oral mucosa & tongue, Aphthous ulcer, Erythroplakia, Glossitis,

Voice disorders, medical conditions affecting speech, Chorditis, Vocal fold nodules, Vocal fold cysts, Vocal cord paresis, Reinke's edema, Spasmodic dysphonia, Foreign accent syndrome, Bogart-Bacall syndrome, Laryngeal papillomatosis, Puberphonia, Laryngitis,

Diseases of esophagus, stomach, and duodenum, Diseases of esophagus, Achalasia, cardiospasm, Esophagitis, Esophageal stricture, Esophageal stenosis, ulcer of esophagus, acid burning hole in esophagus, acid reflux, Gastroesophageal reflux, Barrett's esophagitis, Duodenal ulcer, Gastric ulcer, Gastrojejunal ulcer, Peptic ulcer, Gastritis, Acute gastritis, Duodenitis, Disorders of stomach, Gastroparesis, Dyspepsia, stomach ulcer,

too acidic, burning stomach,

Acute appendicitis, inflammation of the vermiform appendix at the caecum, infection of Appendix, Rupture of Appendix, Hernia of abdominal cavity, Hernia inguinal, Hernia unilateral, gangrene, hernia with obstruction, Torn abdominal muscle, strained abdominal muscle, Hernia femoral, unilateral Hernia, umbilical Hernia, ventral Hernia, Hernia ventral incisional, Hernia hiatal noncongenital, Noninfectious enteritis, Noninfectious colitis, Regional enteritis, Crohn's disease, Idiopathic proctocolitis, Ulcerative colitis, inflammation of large intestine, Vascular insufficiency of intestine, Ischemic bowel disease, gastroenteritis, colitis, diseases of intestines, diseases of peritoneum, Intestinal obstruction, Ileus blockage of intestines, Impaction of intestine, Diverticula of intestine, Diverticulosis of colon, colon hemorrhage, colon cancer, colon polyps, amebiasis, amebic dysentery, balantidiasis, dientamebiasis, giardiasis, lanbliasis, Functional digestive disorders, Constipation, Irritable bowel syndrome, Post gastric surgery syndromes, Postoperative functional disorders, Anal spasm, hemeroids, Anal fissure, Anal fistula, Abscess of anal regions, Abscess of rectal regions, Abscess, perianal, Peritonitis, Pneumococcal peritonitis, suppurative peritonitis, Peritoneal abscess, Spontaneous bacterial peritonitis, Retroperitoneal infections, Psoas muscle abscess, disorders of peritoneum, Peritoneal adhesions, Pneumoperitoneum, Bleeding rectal, Infection, colostomy, enterostomy, Polyps in colon, colon cancer, Mechanical complication of ostomy, Angiodysplasia, intestine,

diseases of the Liver, necrosis of liver, Hepatic failure, Fatty liver, Cirrhosis of liver, alcoholic, Hepatitis, Primary biliary cirrhosis, Liver disease, liver failure, filtration problems, Liver abscess, sequelae of chronic liver disease, Coma hepatic, Hepatorenal syndrome, toxic Hepatitis, alcoholic liver disease.

disorders of the Gallbladder, gall stones, Cholelithiasis, Choledocholithiasis, Cholecystitis, high Cholertrol, Diseases of the biliary tract, Postcholecystectomy syndrome, Cholangitis, Fistula, Obstruction, & Perforation of bile duct, Mirizzi's syndrome, Spasm of sphincter of oddi,

Diseases of the Kidneys, poor filtration rate, high uric acid, High creatin level, protein in urine, damage to kidneys from medicines, unregulated blood pressure, vitamin D not metabolized, edema, toxemia, high salt content,

Diseases of pancreas, Pancreatitis, Pancreatic cyst, Pancreatic pseudocyst, Immune system destroying islets, type 1 diabetes, Lack of insulin making, Blocking of cell usage of insulin, Pancreatic cancer, Insulin resistance, Type 2 Diabetes, Pancreatic steatorrhea, Glucose homeostasis disorders, Diabetes insipidus, Diabetes mellitus, Type 1 & 2 Diabetes, childhood Diabetes, Gestational Diabetes, Mature Onset Diabetes of the Young, Hypoglycemia, Hyperglycemia, Idiopathic hypoglycemia, Insulinoma, Glucagonoma,

Gastrointestinal hemorrhage, Hematemesis, Blood in stool, melena, Intestinal malabsorption, allergy to gluten, allergy to lactose, infection of intestine from gluten, inflamed intestines, blocked intestines, Tropical sprue, Blind loop syndrome, postsurgical nonabsorption, Short bowel syndrome, Protein losing enteropathy, allergy to lactose, allergy to milk proteins, diarrhea, spitting up formula, acid reflux, asthma, breathing problems, soya protein allergies, unable to break down milk proteins,

List of endocrine diseases, Adrenal disorders, Adrenal insufficiency, Addison's disease, Mineralocorticoid deficiency, Adrenal hormone excess, Conn's syndrome, Cushing's syndrome, Glucocorticoid remediable aldosteronism, Pheochromocytoma, Congenital adrenal hyperplasia, adrenogenital syndrome, Adrenocortical carcinoma, Thyroiditis, Hashimoto's thyroiditis, Thyroid cancer, Calcium homeostasis disorders, Metabolic bone disease, Parathyroid gland disorders, Hypoparathyroidism 1,2 & 3, Pseudohypoparathyroidism, Prolactinoma, Hyperprolactinemia, Acromegaly, gigantism, Cushing's disease, Pituitary gland disorders, Posterior pituitary, Anterior pituitary, Hypopituitarism, Panhypopituitarism, Pituitary tumors, Pituitary adenomas,

Gastroenteritis, neuropathy of the intestines, inflammation of the intestines, Ileitis, inflammation of the ileum, Coeliac disease - malabsorption, & trouble digesting of gluten proteins, Ingestion of proteins found in wheat, barley and rye, causes villous atrophy & infection in the small intestine, Crohn's

disease, ulcerative colitis, - inflammatory bowel disease, autoimmune diseases, Enteroviruses, Irritable bowel syndrome, Functional constipation, chronic functional abdominal pain, physiological causes, Diverticular disease, in large or small intestine, Diverticulosis, pouches form on the intestinal wall & become inflamed or infected, Endometriosis, Bowel twist, bowel strangulation, Angiodysplasia of the colon, Chronic functional abdominal pain, Colorectal cancer, Diarrhea, Constipation, Hirschsprung's disease, aganglionosis, Intussusception, Polyp medicine, Colorectal polyp, Pseudomembranous colitis, Ulcerative colitis, toxic megacolon,

Osteoporosis, Deterioration of back bone, hunch back, scoliosis, crooked back, crushed back bone, nerve pinched in between back bones, herniated disc, disc out of position, compressed back bones, muscles along back bone weak causing pain, back pain, lower back pain, mid-back pain, sciatic nerve pain, Osteitis deformans, Paget's disease of bone, Rickets and osteomalacia,

Eating disorders, Anorexia nervosa, obsessive fear of gaining weight, unrealistic perception of body weight, menstruation interruption, bone loss, loss of skin integrity, greatly stressed heart, increased risk of heart attacks, heart problems, death, starvation, concentration camp symptoms, Bulimia nervosa, recurrent binge eating, & purging, self induced vomiting, excessive use of laxatives, excessive use of diuretics, excessive exercise, Bulimics fast, Binge eating disorder, compulsive overeating, addictions to foods, craving for foods, bondage to foods, Purging disorder, recurrent purging to control weight or shape, Rumination, repeated painless regurgitation of food after a meal, re-chewed and re-swallowed, or discarded food, Diabulimia, deliberate manipulation of insulin levels by diabetics to control their weight,

aberrant eating behaviors of children in foster care, Pica, compulsive craving for eating, chewing or licking non food items or foods containing no nutrition, like chalk, paper, plaster, paint chips, baking soda, starch, glue, rust, ice, coffee grounds, and cigarette ashes, etc, kid or goat spirits, not distinguish between food and non food items,

Night eating syndrome, morning anorexia, evening polyphagia, abnormally increased appetite, insomnia, injury to the hypothalamus, Orthorexia

nervosa, obsession with a "pure" diet,

Eating Disorders, biological abnormalities, psychological abnormalities, environmental abnormalities, body dysmorphic disorder, Biological Causes, genetic predisposition to eating disorders, Mendelian inheritance, Epigenetics, Epigenetic mechanisms, environmental effects, DNA methylation, heritable, Dysregulation of dopaminergic neurotransmission, alterations of A N P homeostasis in women with eating disorders, Biochemical, neuroendocrine system imbalance, Hypothalamus pituitary adrenal axis Dysregulation, irregularities in the manufacture, amount or transmission of certain neurotransmitters, hormones or neuropeptides and amino acids, homocysteine elevated levels in A N and B N, depression, serotonin, neurotransmitter for depression, inhibitory effect on eating behavior, norepinephrine, abnormalities, dopamine, imbalance of precursor of norepinephrine and epinephrine, leptin and ghrelin, problems inhibitory effect on appetite, induced a feeling of satiety, Ghrelin appetite inducing hormone, malfunction, affect pathophysiology of anorexia and bulimia nervosa, immune system malfunction, elevated levels of autoantibodies, poor stress response, infection,

Pediatric Autoimmune Neuropsychiatric Disorders Associated with Streptococcal Infections, obsessive compulsive disorder, tic disorders, Tourette syndrome, strep throat, scarlet fever, lesions to the right frontal lobe, lesions to the temporal lobe, brain tumors, brain calcification, calcification of the right thalamus, somatosensory homunculus, somatosensory cortex, "Penfield's Homunculus", little man, if not adapt in pubertal growth spurt, lack of plasticity, impairments of sensory processing, distortion of body image,

Obstetric complications, maternal alcohol use, maternal drugs use, maternal smoking, obstetric and perinatal complications, maternal anemia, very pre-term birth, being born small for gestational age, neonatal cardiac problems, preeclampsia, placental infarction, sustaining a cephalhematoma at birth, developmental risk, intrauterine hypoxia, umbilical cord occlusion, cord prolapse, ischemia, cerebral injury of prefrontal cortex in fetus, neonate damaged, oxygen deprivation, executive dysfunction, A D H D, ADD,

personality traits of eating & comorbid disorders, impulsivity, mental rigidity, obsessionality, perinatal brain injury,

Medicines & side effects, medical inter-reactions, Medicines abuse, medicine addictions, Medicines dependance, Medicines miss-use, Medicines overdose, Medicines withdrawl, mixing medicines with alcohol, mixing medicines, mixing medicines, with drugs, antibiotics, antibiotic resistance, Penicillins, amoxicillan, allergy to penicillans, rash to annaphalactic shock, cephalosporins, aminoglycocides, tetracyclines, sulfonamides, licosamides, erythromycin, metronidazole, UTI, urinary antiseptics, yeast infections, thrush, candidis albicanus, antifungal meds, nystatin, clotrimazole, econazole, miconazole, ketoconazole, ciclopirox, topical creams, bactroban, bacitracin, pseudomembranous colitis, antibiotic resistant bacterium, antiviral meds, viral d n a, acyclovir, amantadine, idoxuridine, ribavirin, trifluridine, vidarabine, antiprotozoal meds, iodoquinol, chloroquine, quinacrine, furazolidone, cortisone, prednisone, prednisolone, hydrocortisone, corticosteriods,

In the Name and Blood of the Lord Jesus Christ, I bind up each and every demon left, I individually chain, cage, bag and box them. I put them in caves with rocks over the caves with the Light of the Lord shining bright and the angels of the Lord reading Scriptures and praise the Lord continually. I cover us all with the Blood of Jesus. I call upon God's Holy Spirit to fill everybody full to overflowing and to keep chasing out the demons and to restore God's people. In Jesus' Name, I loose legions of the spirits of the Lord, life, health, healing, restoration, wellbeing, sound mind, and a good night's sleep.

We thank You Lord Jesus for everything You have done. We give You all the glory and honour, and blessings and praise. In Jesus' Mighty Name and by His Blood. Amen.

**Pastor T. John Franklin
