

## **List of Coronavirus Spirits for MD**

**Abdominal pain, abnormal clotting, abnormal heartbeat, abnormal heart function, abnormal kidney function, abnormal liver function, abuse of elderly, activation immunotherapies, Acute cardiac injury, Acute infections, Acute kidney injury, acute myocardial injury, Acute respiratory distress syndrome, ARDS, acute stress response, Adenovirus infection, aerosol transmission, African American people more susceptible, air transmission, Airborne Infection Isolation Room, alcohol abuse, alcohol addiction, alcoholism, Alphacoronavirus, ambu bag, aminotransferases, anemic, animal to human coronavirus diseases, animal to human transmission, anosmia, anticoagulant therapy, antiviral drugs, anxiety, arrhythmias, asymptomatic, Avian coronavirus, avian infectious bronchitis, azithromycin, bankruptcies, barking cough, behaviour problems, Beluga whale coronavirus, Betacoronavirus, bevacizumab, bi-level positive airway pressure, binge drinking, Biological therapy, bird flu, black people more susceptible, bleeding lungs, blood clots within the body, Blood vessel dysfunction, bloody flux, blue face, blue lips, body fluid transmission, boredom, bovine coronavirus, Bradykinin hypothesis, brain fog, brain inflammation, brain signals changed, bronchoalveolar washing, bronchitis, Bronchiolitis, Bulbul coronavirus, Buldecovirus, businesses shut down or closing,**

**C30 Endopeptidase, cabin fever, cancelled resuscitation orders, cardiac arrest, Cardiovascular complications, cardiovascular disease, cardiovascular symptoms, Cegacovirus, cell phone data to track people, cellular fibromyxoid exudates in lungs, chapped hands, chest pain, chest pressure, chest tightness, child abuse, chills, chinese coronavirus, Chloroquine, chronic medical conditions, cirrhosis, close contact with transmitters, claustrophobia, clot formation, co-morbid conditions, coagulopathy, Cognitive Behavioral Therapy comorbidity, common cold, community transmission, complications of kidney, compromised immune**

**system, confusion, congested nose, congestive heart failure, Conjunctivitis, constant tightness in chest, Contact tracing, contaminate, contaminated blood, contaminated bodily fluids, contaminated excretions, contaminated items, contaminated saliva, contaminated surfaces, contaminating, contamination, contamination through air, contracted economy, consolidation, constriction of blood vessels, consumer downturn, consumerism collapse, contagious, contagen, convalescent serum, Corona party, coronary artery aneurysms, Coronaviridae, Coronavirinae, Coronavirus breathalyzer, Coronavirus party, coronavirus pneumonia pandemic, coronaviruses, cough, coughing, coughing up blood, Covid 19 by Wuhan coronavirus, COVID-19 denialism, COVID-19 drug development, COVID-19 drug repurposing, COVID-19 pandemic, COVID-19 vaccine complications, COVID-19 vaccines, Covid-Organics, Corporate debt bubble, corticosteroids, cough, cough up blood, crazy paving, Chronic respiratory disease, cross-species jump, cross-species transmission, croup, crushing sensation in chest, cytokine release syndrome, Cytokine storm, Cytomegalovirus esophagitis,**

**debt worries, decreased white blood cell count, deep cough, dehydration, Deltacoronavirus, demand shock, dementia, demyelination, Depression, despair, Destabilization, destroyed heart cells, destroyed kidney cells, destroyed lung cells, destroyed organs cells, diabetes, diarrhea, difficulty breathing, difficulty swallowing, difficulty waking up, diffuse alveolar damage, diffuse alveolar exudates, disseminated intravascular coagulation, disturbance in smell, disturbance in taste, do not resuscitate, dry cough, domestic abuse, domestic violence, dry cough, Duvinacovirus, dysgeusia, dyspnea,**

**Ebola hemorrhagic fever, by Ebola coronavirus, Ebola virus disease, economic distress, economic downturn, economic stagnation, economy slow down and shut down, effected vital organs, elderly left to die alone, elevated liver enzymes, Embecovirus, emotional distress, encephalitis, endocytosis, enteritis, enveloped viruses, epidemic murine illness, epizootic catarrhal enteritis, equine coronavirus, Evacuations, excessive tiredness, experimental antiviral drugs, experimental therapy, executive**

**functioning over ridden by limbic system, Extracorporeal membrane oxygenation, extreme tiredness, exudates in alveolar cavities, eye Movement Desensitization and Reprocessing,**

**fatal, fatigue, fear of contaminating others, fear of getting sick, fear of no help at hospital if other health crisis, Feline coronavirus, feline enteric coronavirus, Feline infectious peritonitis virus, Ferret enteric coronavirus, ferret systemic coronavirus, fever, fever before cough, feverish, fibrosis in liver, fight or flight response, Financial crisis, financial distress, favipiravir, flu pandemic, Fluid management, fluid removal from lungs, fluid therapy, fomite transmission, food shortages, forced isolation, forgetful, forgetfulness,**

**Gammacoronavirus, Gargling, gastroenteritis virus, gastrointestinal symptoms, gastrointestinal syndrome, gastrointestinal tract infections, general Malaise, Genus Deltacoronavirus, Genus Gammacoronavirus, Great Lockdown, Guillain–Barré syndrome, guilt for infecting others,**

**hand ventilation, headache, healing pneumonia, health anxiety, health workers fear of getting sick or transmitting to family, heart attack, heart disease, heart failure, heart inflammation, Hedgehog coronavirus, HIV, high fever, high flow nasal cannula, high flow nasal oxygen, high levels of debt, high mortality rate, highest risk with age, high stress, highly contagious, highly infectious, Hipposideridae, Hispanic people more susceptible, home remedies, hopeless, hopelessness, horseshoe bats, host jump, house bound, Human coronaviruses, human coronavirus diseases, Human parainfluenza viruses, hydroxychloroquine, hyperactive limbic system, hypertension, hypoxemia, Hypoxia,**

**ibuprofen worsen virus symptoms, Igacovirus, immune deficiencies, immune system disorders, immune therapies, increased clotting in blood, Increased Risk, incubation period, Indigenous people more susceptible, infected blood, infected bodily fluids, infected excretions, infected items, infected saliva, infected surfaces, Infectious bronchitis virus, infectivity, inflammation, inflammation in brain, influenza, inhalants, inhaled contaminants, inhaled virus aerosols, insomnia, interstitial inflammation,**

**interferon, intubation, interspecies transmission, investment loss, ischaemic events in brain, isolation, isolationist, ivermectin,**

**job instability, job loss, joint pain,**

**Kawasaki disease, Kawasaki-like disease from Covid 19 kidney cells infected, Kidney damage, Kidney failure,**

**lack of energy, large atypical pneumocytes, lasting damage to brain, Latino people more susceptible, learn to breathe after using ventilator, Lenzilumab, Lethal, Letovirinae, leukoerythroblastic reaction, limbic system overrides executive functioning, lingering anxiety, Lingering Brain Fog, lingering cognition problems, lingering infection, lingering psychiatric issues, lipoic acid, liver damage, liver failure, Liver injury, lobular septal thickening, lockdowns, loneliness, long term neurological problems, long-term sequelae, losing consciousness, loss of appetite, loss of motor functions, loss of smell, loss of taste, low oxygen levels, lower respiratory tract infections, lung consolidation, lung diseases, Lung infections, lung tissue destruction, lymphocyte-containing inflammatory infiltrates within the lung, Lymphocytic infiltrates,**

**Macroscopy, main organ failure, Malaise, market instability, Market liquidity crisis, mechanical ventilation, medical complications, Medicine shortages, Meditation, mental distress, mental health issues, mental illness, MERS coronavirus Infection, Merbecovirus, microvesicular steatosis in liver, mild cognitive impairment, mild pneumonia, mild symptoms, mindfulness, Miniopterus bat coronavirus, minor fibrin exudation, minor pneumonia: minor serous exudation, mistrust, mobile phone tracking, morphing, morphology, mouse hepatitis virus, misous, multi-organ failure, multinucleated giant cell formation, multiple sclerosis, Murine coronavirus, muscle pain, mutating, mutations, mysterious blood clotting complications,**

**nasal congestion, nasal infection, nasal rinses, nasopharyngeal swab, Native American people more susceptible, nausea, nausea before diarrhoea, nauseous, neck lymph nodes enlarged, neurological side effects, New confusion, Nidovirales, Nitazoxanide, no hope, no resuscitation orders,**

**Nobecovirus, Novel coronavirus,**

**Obligate nasal breathing, Obstructive lung disease, Occupational hazards, occupational risks, Organ failure, Orthocoronavirinae, out of breath, oxygen support,**

**PTSD, paediatric multisystem inflammatory syndrome, palpitations, Pandemic, Pandemic Stress, Panic buying, Pantropic canine coronavirus, parainfluenza, Paramyxoviridae, passive immunisation, Pedacovirus, people of color more susceptible, pericarditis, persistent chest pain, phagocytosis, Pharyngitis, pink eye, Pipistrellus bat coronavirus, plasmocytosis in Bronchoalveolar lavage, Plateau airway pressure, Pleural cavity diseases, pleural effusion, pleurisy, pneumocyte hyperplasia, pneumonia, polyprotein, poor appetite, poor hygiene, poor taste, Porcine coronavirus, Porcine epidemic diarrhea virus, Positive end-expiratory pre-existing conditions, post-traumatic stress disorder, post-intensive care syndrome, potential risk of infection, pre-existing (underlying) conditions, pre-symptomatic, pressure, pressure in chest, price gouging, price wars, prioritising health care, problems controlling emotions, problems focusing, problems thinking, problems recalling information, productive cough, progeny viruses, progressive demyelinating encephalitis, Prone positioning, personal protective equipment shortage, physiological acute stress response, psychological crisis, psychological stress, psychological trauma, pulmonary consolidation, pulmonary embolisms, pulmonary interstitial fibrosis, pulmonary oedema,**

**quarantines,**

**Rabbit enteric coronavirus, rash, recession, recombinant angiotensin-converting enzyme 2, red rash on tummy of children, reduced kidney function, reduced lymphocyte count, reduced liver function, reduced organs function, reduced white blood cell count, replicate the viral genome, Reinfection, Remdesivir, replication element, Repurposed medicines, respiratory diseases, respiratory failure, respiratory infection, Respiratory tract infections, Restrictive lung diseases, resuscitation orders cancelled, retail apocalypse, Rhinacovirus, Rhinolophus bat coronavirus, rhinorrhea,**

**ribavirin, Riboviria, risk of infection, Rousettus bat coronavirus, runny nose, SARS, or Severe Acute Respiratory Syndrome, by SARS corona virus, SARS-CoV, SARS-CoV-2, salmonellosis, Sarbecovirus, septic shock, severe infection, severe symptoms, Scotophilus bat coronavirus, secondary bacterial bronchitis, secondary bacterial pneumonia, secondary infections, seizure, self isolation, Sepsis, septic shock, serious illness, serious respiratory tract infections, seriously ill, Setracovirus, severe hypoxemia, severe illness, severe pneumonia, severe profuse enteritis, shaming, shivering, shortness of breath, Sialodacryoadenitis virus, Sinusitis, Skin rashes, sleep poorly, sleepiness, sleepy, Slippery sequence, sluggish, sluggishness, Smokers' lung, sneeze guards, sneezing, social distancing, Social isolation, Social shaming, Social stigma, socio-economic impact, sociopath, Solidarity, sore throat, species range, spillover, spillover infection, spontaneous mutations, spousal abuse, spousal violence, spread of aerosol particles, sputum, stay-at-home orders, stock market crash, Steroids, Strep throat, stress, stroke, structural proteins, stuffy nose, Subpleural dominance, sudden confusion, sudden death, suffering alone, supply shock, suicide, suicide attempts, suicide ideation, suicidal thoughts, swine acute diarrhea syndrome coronavirus, systemic inflammatory response, swine flu, swollen adenoids, symptom-based screening, symptomatic, symptoms suddenly worsen, systemic inflammation, thinking and behavior problems, thrombosis, Tidal volume, tiredness, tissue tropism, Tocilizumab, touching a contaminated surface, trade war, transaminase transcription, Transmissible gastroenteritis virus, Transmission, trauma, traumatic shock, traumatized, travel restrictions, tropism for harderian glands, tropism for lachrymal glands, tropism for salivary glands, tropism for troponin glands, trouble concentrating, trouble working longer hours, tumour necrosis factor, Turkey coronavirus, Tylonycteris bat coronavirus,**

**umifenovir, unable to breathe deeply, unable to concentrate, unable to cope, unable to make payments, unable to plan, unable to prioritize, uncontrolled emotions, Unemployment, upper respiratory tract disease, unproven medical products, unproven medicines, unusual headache,**

**urogenital tract infections,**

**variable alveolar filling, vasculitis, vasoconstrictive responses, vasodilators, vast systemic inflammation, Ventilatory use, venous thromboembolism, vertigo, viral envelopment of host cell, viral bronchitis, Viral cytopathic changes in pneumocytes, viral pneumonia, viral Sepsis, viral spike glycoprotein, virus droplets, virus enters by eyes, virus enters by mouth, virus enters by nose, virus enters host cell, virus mutation, vital organ damage, vital organ failure, vomiting,**

**wary, weak immune system, weakness, weariness, wheezing, whistling noise breathing, withdrawal symptoms from lack of entertainment, recreation, socialization, sports, etc, Workplace hazards, worry, worsening chronic cough, worsening oxygenation, Wuhan pneumonia, Wuhan virus, Zoonotic coronaviruses, zoonotic diseases, Zoonosis,**

**In the Name and Blood of the Lord Jesus Christ, I bind up each and every demon left, I individually chain, cage, bag and box them. I put them in caves with rocks over the caves with the Light of the Lord shining bright and the angels of the Lord reading Scriptures and praise the Lord continually. I cover us all with the Blood of Jesus. I call upon God's Holy Spirit to fill everybody full to overflowing and to keep chasing out the demons and to restore God's people. In Jesus' Name, I loose legions of the spirits of the Lord, life, health, healing, restoration, wellbeing, sound mind, and a good night's sleep.**

**We thank You Lord Jesus for everything You have done. We give you all the glory and honour, and blessings and praise. In Jesus' Mighty Name and by His Blood. Amen.**

**Pastor T. John Franklin
