

List of Circulatory Afflictions Spirits for MD

A Fib, Abdominal aortic aneurysm, abnormal cholesterol levels, Abnormal haemoglobin, abnormal heart rhythms, abnormal sensations in limb, abnormalities in artery walls, Abscess of spleen, Accelerated idioventricular rhythm, Acholuric jaundice, Acrocyanosis, Acroparaesthesia, acute limb ischemia, Acyanotic heart defect, acute deep vein thrombosis, acute limb ischemia, Adenosine deaminase deficiency, Afibrinogenaemia, Agammaglobulinaemia, Agranulocytic angina, Agranulocytosis, Air pollution, alcohol consumption, Alcoholic cardiomyopathy, Alder anomaly, Alexia, Allergic purpura, Amenias, Anaphylactoid purpura, amputation, Andersen cardiodysrhythmic periodic paralysis, Andersen syndrome, Anemia, anesthesia of limb, Aneurysm of heart, Aneurysm of any blood vessels, Aneurysm of blood vessels in brain, Angina pectoris, angiography, angioplasty, Anomia aphasia associated, Antibody deficiency, antithrombin, Aortic aneurysm, Aortic aneurysm Dissection, Aortic aneurysm coarctation, Aortic aneurysm insufficiency, Aortic aneurysm regurgitation, Aortic aneurysm stenosis, Aortic septal defect, Aortopulmonary septal defect, Aortopulmonary window, Apoplexy, Apraxia, Arrhythmias, Arrhythmogenic right or left ventricular dysplasia, Arterial embolism, Arterial thrombosis, Arterial fibromuscular dysplasia: hyper or hypo tension, septal defect, or tachycardia, Arteriolo sclerosis, Arteriosclerosis, Arteriosclerotic vascular disease, Arteriovenous fistula, Arteritis, Artery Stenosis, ascending aorta, Ashman beats, Ashman phenomenon, Asymmetric septal hypertrophy, atherectomy, Atheroma, atheromatous plaque, Atherosclerosis, Atherosclerotic cardiovascular disease, Atherosclerotic heart disease, atherosclerotic narrowings of arteries, Atrial fibrillation, Atrial flutter, Atrial septal defect, Atrioventricular canal: septal defect or nodal reentrant tachycardia, autogenous vein, Autoimmune diseases, Avascular necrosis, balloon angioplasty, Bare lymphocyte syndrome, bare metal stents, Basophilia, Baycol, Benign hypergammaglobulinaemic purpura, Bernard Soulier syndrome (giant platelet), Bifascicular block, Binswanger's disease, Biotin dependent carboxylase deficiency, Blackfan Diamond syndrome,

blocked arteries, blocked blood vessels, Blood Clots, blood vessel restenosis, brain damage, Brain ischemia, brain tumors, broken heart syndrome, Brugada syndrome, Budd Chiari syndrome, buildup of atheromatous plaque, Bundle branch block, bypass surgery,

C1 esterase inhibitor deficiency, calcification in blood vessels, calcium build-up in blood vessels, Cardiac asthma, Cardiac arrhythmia, Cardiac septal defect, Cardiac dysrhythmia, Cardiac constrictive, Cardiac ectopy, Cardiac electrophysiology, Cardiac ischaemia, Cardiomegaly, Cardiomyopathy: Dilated, Hypertrophic, or Restrictive, cardiopulmonary bypass, cardiorespiratory arrest, Cardiovascular disease, Carotid angioplasty, Carotid Artery Disease, carotid artery thickening, carotid endarterectomy, Catecholaminergic polymorphic ventricular tachycardia, celiac disease, Cell membrane receptor complex defect, Cerebral aneurysm: arteritis, or atherosclerosis, cerebral hypoxia, Cerebral infarction due to occlusion of cerebral arteries, Cerebral infarction due to occlusion of precerebral arteries, Cerebral infarction due to stenosis of cerebral arteries, Cerebral infarction due to stenosis of precerebral arteries, Cerebral infarction due to thrombosis, Cerebral infarction due to embolism, Cerebral infarction due to occlusion or stenosis of precerebral or cerebral arteries, Cerebral ischaemia, Cerebrovascular diseases, Chemical exposure, Chest Pain, Cholesterol High bad or Low good, Chronic (childhood) granulomatous disease, Chronic adhesive pericarditis, Chronic congestive splenomegaly, Chronic constrictive pericarditis, chronic deep vein thrombosis, chronic kidney disease, chronic limb ischemia, Chronic limb-threatening ischemia, chronic pulsatile compressive force on vein from artery, Claudication, Clotted hemothorax, Coagulation defects, Coarctation of aorta, Coeliac artery compression syndrome, collagen deposition, comatose, Compression of vein, Congenital (spherocytic) haemolytic icterus, Congenital dysphagocytosis, Congenital Heinz body anaemia, Congenital malformations of cardiac septa, Congestive Heart Failure, constricted blood vessels, Consumption coagulopathy, inflammatory response within veins, Contrast-induced nephropathy, Contrast-induced renal injury, Cor triatriatum, Coronary angioplasty, coronary angioplasty with stenting, Coronary artery aneurysm, coronary artery bypass graft, coronary artery disease, Coronary stent, Coronary syndrome, Coronary thrombosis, critical limb ischemia, Cryoglobulinaemia, Cyanosis, Cyanotic heart defect, Cyst of spleen,

Dacron graft, Deep Vein Thrombosis, Defects in the complement system, Defibrination syndrome, Dextro Transposition of great arteries, Dextrocardia, Dextrotransposition of aorta, Di George's syndrome, Dilated cardiomyopathy, dissection in wall of Blood vessel, Discordant atrioventricular connection, Diseases of arteries, Diseases of arterioles, Diseases of capillaries, Diseases of Blood purification organs, Diseases of Blood purification processes, Diseases of kidney, Diseases of liver, Diseases of lymph nodes, Diseases of lymphatic vessels, Diseases of pulmonary circulation, Diseases of spleen, Diseases of veins, Disorder of immune mechanism, Disorders of aortic valves, Disorders of mitral valves, Disorders of tricuspid valves, Double aortic arch, Double heterozygous sickling disorders, Double inlet or inlet of left or right ventricle, Double inlet or outlet of left or right ventricle, Dressler's syndrome, Drug-eluting balloon angioplasty,

Ebstein's anomaly, Ectopic beat, Ectopic focus, Ectopic pacemaker, Edema, Eisenmenger's syndrome, electrochemical imbalances, elevated levels of inflammatory markers, Elliptocytosis, embolised blood clots, Embolism and thrombosis of vena cava, emotional stressors, Encephalopathy, end stage kidney disease, Endocardial fibroelastosis, Endocarditis and heart valve disorders in diseases, Endomyocardial tropical eosinophilic disease, Endomyocardial tropical fibrosis disease, endothelium damage, endovascular procedure, endovascular techniques, Endovascular procedures, endovenous laser treatment, enlargement of arteries, Eosinophilia, Eosinophilic granuloma, Erythroblastopenia or red cell aplasia, Erythrocyanosis, Erythromelalgia, Essential thrombocytosis, Evans' syndrome, extensive deep vein thrombosis, extreme stress, extremely low blood pressure,

factor V Leiden, Fainting, Familial erythrocytosis, Familial haemophagocytic reticulosis, Favism, femoropopliteal arterial occlusive disease, fibrinolysis, Fibrinolytic haemorrhage, Fibrinolytic purpura, fibrinolytic therapy, Fibrous lesions, First degree AV block, Focal brain ischemia, Functional disorders of polymorphonuclear neutrophils,

gangrene, Gastric varices, gelatinous lesions, Genetic anomalies of leukocytes, Glanzmann's disease, Global brain ischemia, Grey platelet syndrome, GUCH, gum disease,

haemophiliac, Haemoglobin M disease, Haemoglobinopathy, Haemolytic

anaemias, Haemolytic uraemic syndrome, Haemopericardium, Haemophagocytic lymphohistiocytosis, Haemophagocytic syndrome, Haemophilia, Hand Schüller Christian disease, hardening of arteries, hardening of blood vessels, Heart Attack, Heart block, heart defects, Heart Disease, Heart Failure, Heart Murmur, Heart bypass surgery, Heart Rhythm Disorders, Heart Valve Disease, Henoch Schönlein purpura, Hereditary elliptocytosis, Hereditary haemorrhagic telangiectasia, Hereditary persistence of fetal haemoglobin, Hereditary spherocytosis, Hexokinase deficiency, High or low Blood Pressure, high serum triglycerides, High trans-fat intake, Histiocytosis X, homograft, hypercholesterolaemia, hypercoagulability, hypercoagulation, , hyper or hypotension, Hyper tensive heart, hypertensive heart disease, Hyperimmunoglobulin E syndrome, hyperlipidemia, hypoperfusion, Hypoglycemia, Hypo or Hypersplenism, hypo tensive heart, Hypogammaglobulinaemia, Hypoplastic left or right heart syndrome,

Idiopathic hypotension, iliac vein compression syndrome, iliofemoral Deep Vein thrombosis, iliofemoral vein clots, immunodeficiencies, Immunodeficiency with antibody defects, impeded blood flow to brain, Inappropriate sinus tachycardia, Infarction of spleen, influenza, insomnia, insufficiency mitral, insufficiency of aortic, insufficiency pulmonary, insufficiency tricuspid, Intermittent claudication, Interrupted aortic arch, interventional cardiology, interventional radiology, intimal fibrosis, intimal media thickness, Intracardiac thrombosis, intracerebral hemorrhage, intraluminal elastin deposition, in-stent restenosis, Iron deficiency anaemia, Irregular Heartbeat, irregularly shaped blood cells, Ischaemia, Ischaemic cardiomyopathy, ischemic cascade, ischemic colitis, Ischemic heart diseases, ischaemic stroke, Isomerism of atrial appendages,

Jervell and Lange - Nielsen syndrome, Junctional escape beat, Junctional rhythm,

Kappa light chain deficiency, Kelly Paterson syndrome, kidney disease, Kidney malfunction, Kostmann's disease, Kyphoscoliotic heart disease,

L G L syndrome, laceration of blood vessel, Laevocardia, Langerhans' cell histiocytosis, late lumen loss, laser Vein stripping, Leaky heart valve, Left or right anterior fascicular axis deviation, Left or right anterior fascicular block,

left common iliac vein compression, Leg swelling and pain from deep vein thrombosis, Lenegre-Lev syndrome, lesions in artery walls, Leukaemoid reaction: lymphocytic, monocytic, or myelocytic, Leukocytosis, Lev's disease, limb loss, lipid-laden plaque, lipid-lowering medications & adverse side effects, Liver cancer, Liver cholestasis, liver damage from statins, liver dysfunction, Liver malfunction, Long QT syndrome, loss of renal function, low-density lipoprotein, low-fat diet, low kidney filtration rate, lumen stenosis, Lymphadenitis, Lymphangitis, Lymphocyte function antigen-1 defect, Lymphocytosis, Lymphoedema, Lymphopenia, Löffler's endocarditis,

Major histocompatibility complex deficiency, Malabsorption with proteinuria, Malformation of aorta, Malformation of arteries, Malformation of cardiac septa, Malformation of coronary vessels, Malformation of heart, malformation of aortic, malformation of mitral, malformation of pulmonary, malformation of tricuspid, Marchiafava Micheli, Marfan Syndrome, Marked narrowing in coronary arteries, massive pulmonary embolism, May Hegglin anomaly, May-Thurner syndrome, Mediterranean diet, Medullary hypoplasia, Megaloblastic hereditary anaemia, Mental stress, Mesenteric ischaemia, Methaemoglobinaemia, mild heart attack, Mini-Stroke, Minkowski Chauffard syndrome, minimally invasive endovascular procedure, minor heart attack, mitral insufficiency, mitral regurgitation, mitral stenosis, Mitral Valve Prolapse, Monocytosis, morbid obesity, mottling skin, Moyamoya disease, Multifocal atrial tachycardia, Multiple valve diseases, Myocardial degeneration, myocardial fibrosis, Myocardial infarction, Myocarditis, Myocardium, Moyamoya disease,

Naevus araneus, narrowed turbulent channel of iliac vein, narrowing of arteries, Necrosis of artery, nephric ischaemia, nephropathy, Neutropenia, Nezelof's syndrome, Noncyanotic heart defects, Noninfective disorder of lymph nodes, Noninfective disorder of lymphatic vessels, non-ischemic cardiomyopathy, Nonpyogenic thrombosis, Nonrheumatic valve disorders, Nonrheumatic valve insufficiency, Nonrheumatic valve stenosis, nonthrombotic iliac vein lesions, numbness of limb, Nutritional anemias,

obesity, obstructed blood vessels, Obstructive hypertrophy cardiomyopathy, Occlusion and stenosis of precerebral arteries, Occlusion of arteries: vertebral, basilar, carotid, cerebral, cerebellar, multiple and bilateral precerebral arteries, Occupational cardiovascular disease, Oesophageal

varices, Old myocardial infarction, Omega - Fatty Acids, Open Vascular surgery, Orthostatic Hypotension, Ovalocytosis, overweight, oxidative stress, oxidized cholesterol, oxidized fats, oxygen deprivation,

Paget Schroetter disease, Pallor of limb, Palpitations, palsy, pancreatic dysfunction, Pancytopenia with malformations, Panmyelophthisis, Paralysis from stroke, etc, Paresthesias in limb, paroxysmal cold haemoglobinuria, Paroxysmal nocturnal haemoglobinuria, Paroxysmal Supraventricular Tachycardia, Patent ductus arteriosus, Pelger Huët anomaly, Pelvic varices, penumbra, percutaneous coronary intervention, percutaneous transluminal angioplasty, Pericardial effusion, Pericarditis, Pericardium, peripheral artery disease, peripheral vascular disease, periodontal disease, periodontitis, peripheral artery disease, Periodic paralysis, Peripheral angioplasty, Peripheral Vascular Disease, Perishingly cold limb, persistent fetal circulation, Pheochromocytoma, Phlebitis and thrombophlebitis, phlegmasia cerulea dolens, plaque build-up in blood vessels, plaque ruptures, Plasmacytosis, Plummer Vinson syndrome, Polyclonal gammopathy, Polyclonal hypergammaglobulinaemia, Porphyria, Portal vein thrombosis, Postcardiotomy syndrome, Postphlebitic syndrome, posttraumatic stress disorder, potassium-sensitive cardiodysrhythmic, PR prolongation, Premature Ventricular Contractions, Prinzmetal's angina, Progressive septic granulomatosis, Progressive vascular leukoencephalopathy, protein C, Protein deficiency anaemia, Protein in urine, protein S, prothrombin G20210A, pseudoaneurysm, psychosocial stress, Pulmonary embolism, Pulmonary heart disease, Pulmonary atresia, Pulmonary stenosis, Pulmonary insufficiency, Pulmonary regurgitation, Pulmonary valve atresia, Pulmonary valve insufficiency, Pulmonary valve stenosis, Pulselessness, Purine nucleoside phosphorylase deficiency, Purpura fulminans, Pyruvate kinase deficiency,

Qualitative platelet defects,

Radiation Therapy, Radiation-induced burns, radiation-induced injuries, rancid fats, Raynaud's syndrome, Red blood cell diseases, Red blood cell malformation, Renal artery angioplasty, Renal Artery Stenosis, renal disease, Renal ischemia, reperfusion therapy, Residual haemorrhoidal skin tags, restenosis, restricted blood supply, Reticulohistiocytoma (giant-cell), Rhabdomyolysis, rheumatic fever: chorea, pericarditis, endocarditis, or

myocarditis, Rheumatic heart aortic, stenosis, mitral, or tricuspid valve insufficiency, Rheumatic heart aortic, stenosis, mitral, or tricuspid valve diseases or insufficiency, right-sided compression syndromes, rupture of artery, Rupture of cardiac wall, Rupture of chordae tendineae muscle, Rupture of papillary muscle, ruptured aorta,

Sarcoidosis, Scorbatic anaemia, Scrotal varices, Secondary polycythaemia, seizures, septic shock, Sequelae of cerebrovascular disease, Severe deep vein thrombosis, sheared blood vessel, Sick cell anaemia, Sick cell trait, Sideropenic dysphagia, Silent myocardial ischaemia, Sinus histiocytosis with massive lymphadenopathy, skeletal muscle breaks down rapidly, sleep disordered breathing, Somatic mutations, Spasm of artery, spasm of coronary arteries, spider naevus, stasis of blood forms clots, statin drugs: atorvastatin, cerivastatin, fluvastatin, lovastatin, pravastatin, and simvastatin, Statin medicines & adverse side effects, statin-associated autoimmune myopathy, stellar naevus, stenosis of arteries: vertebral, basilar, carotid, cerebral, cerebellar, multiple and bilateral precerebral arteries, Stomatocytosis, Stress and Heart Disease, stress cardiomyopathy, stressful work, Stricture of artery, Stroke, Subaortic stenosis, Subarachnoid hemorrhage, subcortical ischemic depression, Sublingual varices, Sudden Cardiac Death, Sudden Infant Death Syndrome, Sudden Unexpected Death Syndrome, superior mesenteric artery syndrome, Superior vena cava syndrome, surgical reconstruction of blood vessels, systemic thrombolysis, T Cell malformation and immune system diseases, Tachycardia, Takotsubo cardiomyopathy, Takotsubo syndrome, target lesion revascularization, Taussig-Bing syndrome, tear in wall of Blood vessel, Tetralogy of Fallot, Thalassemia, Therapeutic radiation, Thoracic outlet syndrome, Thromboangiitis obliterans Buerger, Thromboasthenia, Thrombocytopathy, Thrombocytopenia, thromboembolic disease, thromboembolism, thrombolysis, thrombolytic drugs, Thrombophlebitis migrans, Thrombosis, thrombus, torsades de pointes, Total anomalous pulmonary venous connection, trans fats, trans fatty acids, Transcobalamin deficiency, Transient Ischemic Attack, Tricuspid atresia, Tricuspid insufficiency, Tricuspid regurgitation, Tricuspid stenosis, Tricuspid valve stenosis, Triose-phosphate isomerase deficiency, Truncus arteriosus Persistent, unconsciousness, unhealthy diet, Unstable angina, Unstable haemoglobin

haemolytic disease,

Valvular heart disease, Varicocele, Varicose veins, Varicose veins ulcers, Varicose veins inflammation, Vascular depression, Vascular Disease, Vascular surgery: Vascular surgery of: aorta, carotid arteries, and lower extremities, iliac, femoral, and tibial arteries, vasospasm, Vega - vega sudden death, Vein stripping surgery, venous thrombosis, ventricular arrhythmia, Ventricular failure, Ventricular hypertrophy, Ventricular Septal Defect, ventricular tachycardia, Venous angioplasty, venous spurs, venous thromboembolism, venous webs, vertigo, Vitamin B12 deficiency anaemia, Von Willebrand's disease, Vulval varices, vulnerable plaque,

watershed stroke, White blood cell diseases, White blood cell malformation, Wiskott Aldrich syndrome, Wolff Parkinson White Syndrome, Workplace chemical exposure,

X-linked lymphoproliferative disease, Xanthogranuloma,

In the Name and Blood of the Lord Jesus Christ, I bind up each and every demon left, I individually chain, cage, bag and box them. I put them in caves with rocks over the caves with the Light of the Lord shining bright and the angels of the Lord reading Scriptures and praise the Lord continually. I cover us all with the Blood of Jesus. I call upon God's Holy Spirit to fill everybody full to overflowing and to keep chasing out the demons and to restore God's people. In Jesus' Name, I loose legions of the spirits of the Lord, life, health, healing, restoration, wellbeing, sound mind, and a good night's sleep.

We thank You Lord Jesus for everything You have done. We give You all the glory and honour, and blessings and praise. In Jesus' Mighty Name and by His Blood. Amen.

**Pastor T. John Franklin
